EXPERIENCE

GWAY TECH SOLUTION PVT LTD | Front End Developer
October 2023 – Present | Chennai

- As a **Front End Developer**, I actively contributed to various **React projects**, collaborating with a dynamic development team to enhance the **UI,**, functionality, and user experience.
- I utilized **Redux and API calls** to manage the way data is handled, making sure information moves smoothly and users can interact with the webpage in real-time.
- Developed webpage using HTML5,CSS3,JavaScript,React Js,Redux -Saga,Material UI, Formik and Yup.
- Good hands-on experience in forms, building **responsive websites,state management and API integration**.
- Proficient in Java fundamentals:**variables, data types, loops, conditionals, and Object-Oriented Programming (OOPS) principles**.
- Utilized **MySQL** for database management and **data manipulation** tasks.

PROJECT

E COMMERCE WEBSITE :

- Created a **dynamic E-Commerce** platform using **React, Redux, and Redux Saga for efficient state management** and real-time interactions.
- Integrated external **APIs** for current product data and employed Formik and Yup for streamlined **form handling and validation.CRUD operations**, enabling them to add, update, retrieve, and delete products as needed.
- **React DOM** for optimal performance and developed user-friendly features like a shopping cart and secure **Authentication.**
- Skills : HTML5, CSS3 , Bootstrap, material UI, Formik, Yup, JavaScript, React.js, Redux, Saga, React Router Dom.
- IDE Used : VS Code.
